GANDHI JAYANTHI 2021

"India celebrates the birthday of its iconic front-runner MAHATHMA GANDHI in every year Oct 2nd. GANDHIJI has been offered the title of 'Father of the Nation' for his significant contributions to the country. He played an enormous role in attaining freedom from British. His method of non-violence inspired many civil rights movements across the world. This year marks the 152nd birth anniversary of Gandhi"

GANDHIJI always stressed the importance of cleanliness & sanitation in respect to compacting disease. He recognised that attitude towards cleanliness directly reflect the general outlook of the society & he strongly believe in achieving cleanliness through community participation

To mark this day the NSS unit of NEHRU COLLEGE OF NURSING had organized a commendable cleanliness programme in the campus premises. The whole students & staff of NCN diligently performed on this day passing the message that, to build a healthy community first step & care should be started from our own surroundings. Our Principal Prof. KavithaMol P J addressed the students & alerted them about the relevance of sanitation & cleanliness. Following the foot step of ideas& thoughts of the greater personalities of our nation even being the new generation is really commendable & it is a step towards a better future. For organizing such a dedicative event the NSS unit NCN really need a greater appreciation

PRITHVI 2022

“Saving our earth and its environment becomes highly important as it provide us food and water to sustain life. Our well-being solely depends on this planet it gives food and water to all living things so it is our responsibility to take care of it. That is why each year on April 22, more than a billion people celebrate Earth Day to protect the planet from things like pollution and deforestation. The Earth Day 2022 theme is ‘Invest in Our Planet’. Given that the time is short, the theme highlights the need for people to come together and start taking measures to protect biodiversity and the planet.” Taking as a reminder that; for the mankind , to protect and safeguard the mother earth and its species is mandatory, for making Earth a better place for the coming generations, Nehru College of Nursing had organized PRTHVI 2022 an initiate of planting an organic garden in the campus on world earth day 22nd April 2022.

The basic theory in organic gardening is that; nature knows best. organic garden nurture the ground and therefore all that springs above it through techniques or systems that are found in nature seek to live a cleaner, healthier existence & more in a earth friendly way. 1 st year BSc Nursing Students & all the faculties of NCN together worked to build up the new organic garden in the NCN campus. Such a greater initiative offers the perfect intake of fruits and vegetables for the students & it decreases the amount of toxic chemicals that intake. It also makes the students aware that the only way to honour our mother earth is by creating balance in our lives and adopting eco-friendly habits, and by that we can make this planet a much better place to live in.

WORLD ENVIRONMENTAL DAY 2022

Sustainability and the protection of the environment are without a doubt among the most pressing issues we face in the world today. The core necessities of life all come from Mother Nature and, unfortunately, we take it for granted. World Environment Day encourages everyone from individuals to large-scale corporations to be more conscious of their impact on the environment. The theme for this year's celebration of World Environment Day is **'Only One Earth'**.

With regards to World environmental day 2022 Nehru college of nursing in association with OUSHADHI , Kuttanallur organized planting a herbal garden in the campus. The official inauguration & handing over of the saplings was done by Dr. Praseetha specialist Medical Officer, Ayushgram On 7th June 2022. Dr Kavitha mole P J Principal NCN addressed the gathering made the students aware about the importance of protecting the nature & planting trees . Mrs Zaina Elisebath expressed the token of gratitude. REPORT OF CHRISTMAS CELEBRATION AT "MANOMITHRA PSYCHIATRIC CARE & COUNSELLING CENTRE"

As Christmas rings in, The ZAPHAYRS of Nehru College of nursing had shown beyond doubt their social commitment by organizing a Christmas celebration for the inmates of "MANOMITHRA PSYCHIATRIC CARE & COUNSELLING CENTRE", PALAKKAD on 10th December 2021. India's disabled community has had a tough year with the Covid pandemic posing many challenges. But on Christmas, everyone is gearing up to celebrate. The programme was embraced with cribs, carols, dances & delicious cakes which intensify the Christmas vibes. The day has become full of celebration, love & compassion which really wiped off all the troubles & miseries of people there at Manomithra . Such acts, of love & compassion by the little angles of NCN are absolutely commendable. As the year comes to an end, members from disabled community look forward for a brighter, healthier and fruitful 2021.

VISHU CELEBRATION 2021

The native people in Kerala observe Vishu with lot of colourful rituals. This festival signifies prosperity and is a festival of harvest. The importance of Vishu festival is to have the right start. The mythology significance is that Lord Shri Krishna killed the demon Narakasura on this day and hence the Vishu festival reason is the celebration of this victory. A good harvest brings in joy to the common people and it means that their barns will be full. Vishu is celebrated to offer prayers for a good and prosperous year ahead.

REPORT OF IFTHAR PARY

Ramadan is a period of devotion, fasting, charity-giving and self-accountability. It is also a month of forgiving. The Angel Gabriel descended from heaven to reveal the Quran, God's message to the Holy Prophet Muhammad, marked by 29-30 days of fasting. Fasting is primarily an exercise of devotion to willingly renounce oneself, for a definite period of time, from all bodily appetites in order to form spiritual discipline and self-control. IFTHAR is the meal eaten to break their fast after sunset every day during Ramadan.

To emphasize Empathy and generosity as the values of Ramadan the Zaphayers of Nehru College of Nursing had organized an IFTAR party at the NCN campus on 22nd April 2022 at 6.30pm. The event spread the message of sharing food, time, love and respect with poor and needy people during Ramadan more than any time of the year. INTERNATIONAL DIABETIC DAY

(NOV 14th 2019)

Over 425 million people are currently living with diabetes. Most of these cases are type 2 diabetes. 1 in 2 people currently living with diabetes is undiagnosed. Early diagnosis and treatment are key to prevent the complications of diabetes and achieve healthy outcomes. All families are potentially affected by diabetes and so awareness of the signs, symptoms and risk factors for all types of diabetes are vital to help detect it early. The theme for **diabetes awareness month and World Diabetes Day 2019** is **Family and Diabetes**. Families are urged to learn more about the warning signs of diabetes and find out their risk of type 2 diabetes. Research conducted by IDF in 2018 discovered that parents would struggle to spot this serious life-long condition in their own children. Despite the majority of people surveyed having a family member with diabetes, an alarming four-in-five parents would have trouble recognising the warning signs. One-in-three wouldn't spot them at all. The findings underline the need for education and awareness to help people spot the diabetes warning signs early.

The 5th batch of Nehru College of nursing has organised the world diabetic day in **collaboration with Ambalappara Community health centre**. The programme was conducted along with **the NCD clinic on (16th Nov 2019)** the programme was started at 9am & was officially delegated by the medical officer **Mr. MUHAMMED ASHRAF (CHC Ambalappara)**, health supervisor **Mr. AJAYKUMAR . M (CHC Ambalappara)**. Around 50 – 60 members were assembled for the programme. Along with the staffs in CHC the students have done the general assessment & blood glucose monitoring of the patients. After that **Mrs. SREELATHA public health nurse of CHC Ambalappara** have given a class regarding early signs & symptoms & importance of early diagnosis & treatment of diabetes. It was followed by health awareness role play **about the theme FAMILY & DIABETES**. The role play was very effective in delivering the the theme & create awareness among the gathering regarding the early signs & symptoms, diagnosis, management & complications of diabetes. After that the official programme was concluded & the patients went for the medical check up students have made active participation for that along with the medical officer & team

WORLD HYPERTENSION DAY MAY 17, 2023

The WHO South East Asia Region is accelerating action to prevent, detect and control hypertension which affects an estimated 1.28 billion people globally, two thirds of them in low –and middle – income countries. The theme of this year's World Hypertension Day - "*Measure Your Blood Pressure, Control it, Live Longer*"- highlights the need to increase the awareness and access for all people in the region to quality hypertension services.

As a part of this special day, Mental Health Department along with third year BSc nursing students conducted a programme in PK Das Institute of Medical Sciences on 17/05/2023 at 2pm. Students started the programme with an introduction regarding the day and the programme. Programme began with a flash mob and a role play. 20 students were participated in the programme and 50-80 audiences (clients, bystanders and other hospital staffs) witnessed the programme. The role play was very informative and useful for the people and they covered onset, its causes, manifestations and management of hypertension in a comic and interesting way. The session was ended with a health education regarding hypertension. We realized that the programme made the people aware about hypertension when reviewed the feedback from audience.

World heart day 2k22

World Heart Day (29 September) is an opportunity for everyone to stop and consider how best to use heart for humanity, for nature, and for self. Beating cardiovascular disease is something that matters to every beating heart. World Heart Day 2022, is asking the world to: USE HEART FOR EVERY HEART. Use Heart means to think differently. To make the right decisions. For Every Heart involves the use of “FOR” and swings the focus from the actions themselves to the beneficiaries of the actions, allowing for wider application of the campaign while also making it more personal

Thinking a different approach which is good for cardiac health, P K Das institute of medical sciences in coordination with NSS unit in Nehru College of Nursing & other colleges under NGI organized a marathon & zoomba segment on the World heart day September 29th 2022. With unconditional effort & unity the event made remarkable on the special day. The marathon was followed by the inaugural function. Honourable Chairman & managing trustee Adv Dr P Krishnadas inaugurated the event officially. Dr R C Krishnakumar (Director operations PKDIMS), Dr Frijo George (Cardiologist PKDIMS), Dr M A Androose (Principal PKDIMS) & many other dignitaries addressed the gathering & reminded the importance of this special day. The Medallions our 3rd year BSc Nursing students manifested outstanding performance in the event & Mr Rahul secured 3rd position in marathon boys Ms Farshitha got second & Ms Aksa got third from girls side & received prizes from Honourable Chairman & Managing trustee Adv Dr P Krishnadas. A vibrant zoomba session was led by the zoomba trainer Dr Gouri Megha after the marathon. Our students had participated in this session very energetically. This was followed by releasing of red love balloons in the sky which representing the theme use the heart for every heart.

EQUALIZE - World AIDS Day 2022.

To spread awareness about devastating effects of AIDS and about the measures to be taken to prevent the spread of HIV virus. The UN observes 1st day of December of every year as the World AIDS Day. People around the world unite to show support for people living with and affected by HIV and to remember those who lost their lives to AIDS.

The inequalities which perpetuate the AIDS pandemic are not inevitable; but we can tackle them. This World AIDS Day, UNAIDS is urging each of us to address the inequalities which are holding back progress in ending AIDS. The "Equalize" slogan is a call to action. It is a prompt for all of us to work for the proven practical actions needed to address inequalities and help end AIDS.

The Nehru College of Nursing NSS unit and the department of community health nursing organized very informative programs like Skit, Flash mob to provide all facets of awareness about the AIDS on this World AIDS Day, 2022 at P K Das Institute of Medical Sciences, Ottappalam Bus stand, and TRK Higher Secondary School, Vaniyamkulam. The students also conducted a quiz competition at TRK Higher Secondary School. Students actively participated in all the programs and provided more information to public about prevention of AIDS and also explained the importance of theme "Equalize".

The Public got an awareness regarding AIDS through the skit and flash mob. Students have improved their skill in educating the public through various methods.
